**MCC Transport's Updated Traffic Flow for  
Empty Container Depot (ECD) Bound Trucks**

Dear valued client,

We here at MCC Transport are continuously developing ways by which to serve you better.

There have been some issues regarding the traffic flow and long queues in the area of our Empty Container Depot in Manila International Container Terminal (MICT), which resulted in some difficulties in pulling out containers.

Though the heavy flow of traffic is beyond our control, our local operations team has come up with **alternate routes dedicated for MCC Transport and Maerskline clients** in an attempt to ease this issue.

You may refer to below for the alternative routes for your guidance:

**1. Import Laden Pick-Up at MICT CY (Empty Chassis)**

- All trucks coming from North or South will enter the SPURLINE Rd. at Delpan and proceed to Truck Holding Area or Import Express Lanes

**2. Export Laden Drop-Off at MICT CY (Loaded Chassis – Laden Box)**

- All trucks coming from North or South will enter MICT SOUTH ACCESS Rd. at Delpan. Once they will reach EAST ACCESS Rd., they will turn right and proceed to Export Express Lanes or Export Holding Area

**3. Empty Container Drop-Off at MICT Empty Pool for Ship-Out (Loaded Chassis – Empty Box)**

- All trucks coming from North or South will enter MICT SOUTH ACCESS Rd. at Delpan. Once they will reach EAST ACCESS Rd., they will turn right and proceed to Export Express Lanes or Export Holding Area

**4. Trucks Bound for ECD for Drop-Off or Pick-Up of Empty Container (All KMTC, YML, NYK, H. Sud Transactions - MSK Pick-Up Only)**

- Trucks coming from North will turn right on SLIP-O Rd. and proceed down all the way. Once they reach EAST ACCESS Rd. they will turn left to queue for ECD entry lane
- Trucks coming from South will turn left onto MICT SOUTH ACCESS Rd. at Delpan. They will proceed until NEW Rd. (BUNGUBUNG Rd.) and they will turn right. They will proceed past SPURLINE Rd. and turn left on SLIP-O Rd. Once they reach EAST ACCESS Rd. they will turn left to queue for ECD entry lane

**5. Trucks Bound for APL CY for Tagging to MICT Empty Pool for Ship-Out or ECD (Tractor Head Only and Loaded Chassis – Empty Box)**

- Trucks coming from North and South will enter MICT SOUTH ACCESS Rd. at Delpan. They will proceed until NEW Rd. (BUNGUBUNG Rd.) and they will turn right. They will turn left onto SPURLINE Rd. and proceed until they reach APL CY.

**6. Trucks Bound for MSK Blue Office for Tagging to MICT Empty Pool or ECD (Loaded Chassis – Empty Box)**

- Trucks coming from North will turn right on SLIP-O Rd. and proceed down until they reach Y-AREA Rd. Once there, they will turn left and queue along the sidewalk until tagged.
- Trucks coming from South will turn left onto MICT SOUTH ACCESS Rd. at Delpan. They will proceed until NEW Rd. (BUNGUBUNG Rd.) and they will turn right. They will proceed past SPURLINE Rd. and turn left on SLIP-O Rd. Once they reach Y-AREA Rd. they will turn left to queue for tagging

Attached herewith is an **instructional map** for your reference and perusal.

Kindly be guided accordingly. If you have any questions or clarifications, please don't hesitate to approach your local MCC Transport contacts.

Thank you very much for your understanding and continued support!

Best regards,

**MCC Transport, Philippines**
