

**New Detention and Demurrage Tariff  
for Philippine Ports**

To Our Valued Customers:

The amount of time a container is engaged for a particular shipment greatly affects our equipment stock and availability, and thus affects our ability to provide containers for our customers to use. In light of this, we continuously review our detention and demurrage tariff to ensure that containers are not engaged in shipments for exceptionally long periods of time.

Below you will find our new detention and demurrage tariff for Philippine ports starting **15 OCTOBER 2011**.

**DOMESTIC DEMURRAGE TARIFFS  
(Based on calendar days)**

<b>OUTBOUND DEMURRAGE</b>
